Description

OVERVIEW

The dumpster rental business is taking the nation by storm. Lamar's brand new Roll-Off Dump design is meant to dump, lift, load, and work all day long.

Roll-Off Dumpsters have a lower risk of being stolen then a traditional dump trailer. They also offer the ability to scale your rental business for lower cost and less maintenance. You can have one Roll-Off trailer that services multiple bins, leaving you to only maintain and work on one trailer.

We offer 4' tall bins with a 13 yard capacity, that you can fill with 4 tons of material.

Our 15,000lb Warn winch won't even blink at the 5 ton capacity you can load into the Roll-Off Bins.
